

PROFESSIONAL MEMBERSHIP and ASSOCIATE MEMBERSHIP

There has been a lot of confusion as to the Membership classifications. In reality, they have just been renamed with the emphasis put into the Professional Membership. Here is an explanation as to the differences in these memberships:

Professional Membership: Cost is \$120.00 per year. Membership in this classification shall be open to any individual in the residential mortgage field dealing directly with the consumers, licensed as, registered as or exempt from licensing by their state, and acting as or working for a Mortgage Broker or Mortgage Banker or Mortgage Originator, as defined in the Bylaws or who is authorized by their state to originate residential mortgage loans as a Mortgage Broker or Mortgage Loan Originator. This classification shall be a voting member of the Association. The Professional Member shall also receive additional benefits such as No Cost or Low cost NAMB Webinars, 10% savings on all NAMB Sponsored events registration fees, Eligible for inclusion into the Lending Integrity Seal of Approval, Inclusion in a quarterly conference call with the NAMB President and the Government Affairs Chair, recognition at NAMB Events, Monthly newsletters from NAMB, and additional items that may be directed by the Membership committee going forward. This Membership category will receive a Certificate with each membership.

Associate Membership: Cost is \$120.00 per year. Membership in this classification shall be open to any individual without an active NMLS# working for a Mortgage Broker or Mortgage Banker or Mortgage Originator. It is also open to all individuals that work in any field related to the Mortgage Industry. These members shall also receive a Certificate of Membership; these members shall not have a vote in the affairs of the Association, but may serve on committees.
