### **TRAVEL & OTHER HELPFUL INFORMATION**

#### **McCarran International Airport**

[www.mccarran.com](http://www.mccarran.com)

Las Vegas is served by McCarran International Airport. Named for US Senator Pat McCarran, a Nevada politician who authored the Civil Aeronautics Act, the airport has two terminals, one domestic and one international. The 96 gates at Terminal 1 are divided into four concourses. In 2005, McCarran became the first airport to offer free WiFi, accessible to the entire facility. They were also one of the first airports to use RFID technology in baggage tags, improving tracking. MGM Grand is only a short ride from the airport.

#### **Ground Transportation**

Taxis are plentiful at McCarran and fare from the airport to MGM Grand should be around \$15.

In addition to taxi service, group shuttles and "for hire" limousines can also be found at McCarran International Airport. Both services are located outside of the baggage claim area. Taxis are outside of exits 1-4 and shuttle and limousines are outside of exits 7-13. Additional information regarding companies and services can be found on the airport's website at [www.mccarran.com](http://www.mccarran.com).
